

## EAST END.

## ALONG ROUTE 8.

Miss Katherine E. Whitley, the efficient and popular teacher of Lebanon school, closed another successful term last Friday. She was unanimously re-elected and also elected to succeed Mrs. S. S. Moore, but as yet has not accepted either place.

Miss Whitley by her sweet, gentle manner has won the hearts of her pupils and school, and their parting was sad as she will probably not return, we don't know what will unless she has also won the heart of a "mother" with whom she will drift away from those good people whom she has served so faithfully, the past year.

Miss Whitley is the guest of her friends Miss Prentiss and Miss Nellie Edwards for a few days when she will leave for Atlanta and will spend her summer vacation in Georgia. The best wishes of her many friends will follow her wherever her lot may be cast; they hope she will change her mind and return again.

Miss Susie Spear is the charming guest of relatives at Lebanon. Last Saturday was observed as children's day at Sharon Church. A large crowd was in attendance, and a fine basket dinner was spread in the grove which all did justice. Rev. J. B. Hillhouse, Prof. E. G. Guder, and J. W. Bailey delivered interesting addresses appropriate to the occasion. The speakers invited from Abbeville came up, and the day passed off most pleasantly and was greatly enjoyed by the children and young folks.

Miss Gertrude Penney returned home last Saturday after a most pleasant visit with her brother Mr. Thompson at Moore's, S. C. After a delightful visit to the home of her sister Mrs. J. W. Brown of Wallonia, Miss Maggie Evans of Lebanon is home again.

Mr. C. F. Graves is one of the bustling farmers of this section, and is still busy with his corn, wheat and other crops. He is still fixing up more of that bottom land for corn. He goes in for the best of the land, with a pair of fine mules hitched to one of those big subsoil plows which is followed by a cutaway harrow and in best fix for planting. Watch his success, after this hard work.

Miss Nellie McGowan, the bright young lady on route 8, is spending a while at Watts with Mrs. C. B. Cowan. Cotton looks a little sick after the frost and dry winds and is turning yellow and dying in spots causing a number of farmers to replant a good deal.

## WITHIN THE CITY GATES.

Mrs. Brewer after a delightful stay with her daughter Mrs. A. S. Simmons left Saturday for her home in Abbeville. Mrs. W. E. Hill is home again after special treatment in Atlanta and her many friends hope she will soon be fully restored to her usual health.

Rev. Dr. Wilson who has been blind from his early boyhood, preached last Sunday morning in the Baptist Church and at night in the Methodist Church, and on Monday morning lectured in the graded school. Mr. Lewis Smith and family are visiting friends in Columbia.

Mrs. W. E. Cason has been here with her parents Mr. and Mrs. Gambrell quite sick for the past week, but left Monday for her home in Anderson, accompanied by Mr. Cason.

Mrs. L. C. Haskell entertained quite a number of her friends yesterday at luncheon. Mr. George Smith the popular salesman in the store of The Smith Drygoods Company spent Tuesday in Columbia on business.

Mr. and Mrs. J. W. Cowrie Beacham left last Monday for their home in Hamlet, N. C. Mrs. S. A. Scott left last Monday for Columbia where she will spend awhile with her son Mr. Sam Scott.

Mrs. L. D. Caldwell and children are visiting relatives in Greenville.

Miss Seely and her pupils gave a recital last Friday evening which was quite interesting and realized a nice little sum which will go towards paying for the recent improvements about the Methodist church grounds.

The daughters of the Confederacy met last Tuesday afternoon at the home of Mrs. H. M. Wilson where they were most cheerfully entertained.

Mr. Jordan Ramey who has been quite sick is now better and his many friends wish for his early recovery.

## DEATH OF MISS ANNIE WARDLAW.

Miss Annie Wardlaw after a long and tedious illness died at the home of her brother Mr. David A. Wardlaw about 3 miles south of Abbeville last Sunday morning. The deceased has been a great sufferer all her life and amid it all she has been gentle and patient enduring to the end. Her grave will be all the brighter for the sufferings she has so patiently endured. She was a faithful member of the Baptist Church and all through her life of suffering and confinement she exemplified most beautifully the words of the Christian religion which sustained and comforted her to the last.

Her funeral services were conducted last Monday morning and her remains gently laid to rest in Sharon Cemetery. One sister and four brothers survive her and all deeply grieve and sympathize in their grief have the sincere sympathy of hosts of friends.

## A HUMAN ENGINE.

Without good fuel the 20th Century Limited would travel little faster than a common yard engine. It takes good fuel to develop power, endurance and speed. Every ambitious man is anxious to push forward, to get ahead, yet many are "coasting up" on food prepared with lard, and the fact that lard is indigestible and really clogs up the system, just as poor coal clogs the grates with clinkers. Don't eat lard-soaked food; eat food prepared with COTTOLENE, a vegetable oil cooking fat, so pure, wholesome and easily digested that physicians recommend it even for invalids. "COTTOLENE" shortens your food, lengthens your life and you will travel farther, swifter and easier on it than on food prepared from the fat of the hog.

## Shortening Sources

Lard is made from hog-fat; its origin is the pig-sty. It makes food greasy, indigestible and dangerous.

Cottolene comes from the cotton fields of the Sunny South. Its basis is the purest refined cotton-seed oil. It is pure, healthful, and makes digestible, nourishing food. It is Nature's gift from the Sunny South, and is the best frying and shortening medium possible to manufacture.

Once get in the habit of using Cottolene, and you will never let lard enter your kitchen again.
